

International Society of Organic Agriculture Research

ISO FAR New Board was Elected for 2024- 2027

Dear ISO FAR Members,

The 2024 ISO FAR General Assembly has been done in Nanhua University- Taiwan and the elections took place in a hybrid format (in person and via online) on the sidelines of the 21st Organic World Congress on December 1st. Since voting members have legal rights, it was important for ISO FAR to clarify membership criteria, privileges and obligations, including those related to voting eligibility. The Board Members are internationally recognized scientists with positions at universities and research institutes worldwide. The new elected board will now begin to plan contribution to more world conferences, set up new webinars, training programs and develop further initiatives to increase collaboration among members and other institutions to raise the standards of scientific research in organic agriculture across the world. The new board members reviewed the recent ISO FAR scientific achievements and highly appreciated the efforts by Prof. Gerold Rahmann and all his brilliant supports for 10 years leading of ISO FAR. The current board members of the International Society of Organic Agriculture Research are:

Prof. Raffaele Zanoli (President)

Food Marketing and Management, Polytechnic University of Marche, Italy

Prof. M. Reza Ardakani (Vice President)

Agroecology, Azad University, Karaj, Iran

Prof. Daniel Neuhoff (Treasurer)

Plant and Soil, University of Bonn, Germany
